

PROFESSIONAL SERVICES SCHEDULE

This Professional Services Schedule (this “Professional Services Schedule”) is part of the Master Agreement, Order Form, or other agreement or document entered into between Customer and Hyland, which incorporates this Professional Services Schedule by reference (the “Incorporating Document”). As used herein, the “Agreement” means the Incorporating Document, inclusive of this Professional Services Schedule, and any other agreement within which the Incorporating Document is incorporated.

DEFINED TERMS:

All capitalized terms used in this Schedule shall have the meaning ascribed them in this Schedule or, if not defined in this Schedule, the General Terms Schedule. If any capitalized terms used herein are not defined in this Schedule or the General Terms Schedule, they shall have the meaning ascribed to them elsewhere in this Agreement. In the event the same defined term is defined in two (2) or more Schedules, the term shall be given the meaning defined in each Schedule with respect to that Schedule, and, if the term is also used within this Schedule, this Schedule shall be interpreted to include all definitions, as the context requires.

“Services Proposal” means either: (a) a written proposal issued hereunder, and which sets forth the Professional Services Hyland will provide to Customer and which is signed by Customer and Hyland; or (b) an Order Form submitted by Customer and accepted by Hyland for Professional Services. Services Proposals are fully incorporated herein by reference.

“Specifications” means the definitive, final functional specifications for Work Products, if any, produced by Hyland under a Services Proposal.

“Working Hour” means the services of one (1) person for a period of one (1) hour (or any part thereof) during regular business hours.

“Work Products” means all items in the nature of computer software, including source code, object code, scripts, and any components or elements of the foregoing, or items created using the configuration tools of the Software, together with any and all design documents associated with items in the nature of computer software, in each case which are created, developed, discovered, conceived or introduced by Hyland, working either alone or in conjunction with others, in the performance of services under this Agreement. If applicable, Work Products shall include any pre-configured templates or VBScripts which have been or may be created or otherwise provided by Hyland as part of the configuration of advance capture Software.

1. SERVICES PROPOSAL. Customer may request Professional Services from Hyland. Hyland and Customer will discuss the parameters of the request and Hyland will inform the Customer as to whether the

Professional Services shall be performed pursuant to a Services Proposal.

2. FULFILLMENT. Hyland will provide the Professional Services described in any mutually agreed upon Services Proposal at a time and on a schedule that is mutually agreed upon by the parties. If any delays in such Professional Services occur solely as a result of any incorrect information, incorrect assumption or failure of Customer or Channel Partner (as the case may be) to perform or fulfill its obligations in connection with any Services Proposal, the performance schedule for the applicable project may be extended. Hyland shall have no liability or responsibility for any costs or expenses resulting from such delays. In the event that performance of any milestone set forth in any Services Proposal is not met due to a delay solely caused by Hyland, and provided that such cause is not an event of force majeure as described in the Agreement, Hyland agrees, at no additional charge, to commit such additional resources and personnel as shall be necessary to ensure that such delay does not result in the slippage of later milestones or completion of such Professional Services. The parties agree that any Professional Services or Work Products described herein that have been performed or developed, in whole or in part, prior to the execution of this Agreement by the parties nevertheless shall be covered by all terms and conditions set forth herein.

3. CHANGES TO SERVICES PROPOSAL. Either party may, at any time, reasonably request a change to any Service Proposal. Any requested change that the parties mutually accept (a "Change") will be set forth in a written change order prepared by Hyland and agreed to and signed by both parties that specifically references the relevant Service Proposal. In the event the parties are unable to mutually agree upon a proposed Change or a proposed change order, and such proposed Change relates to a material component of the project that is the subject of the relevant Services Proposal, either party may terminate such Service Proposal upon not less than thirty (30) days advance written notice to the other party.

4. CUSTOMER'S OBLIGATIONS.

4.1 Assistance and Obligations. Customer agrees that it will cooperate with and assist Hyland in the performance of Professional Services under any Services Proposal; will provide the resources specified in the relevant Services Proposal; and will perform or fulfill all obligations required to be performed or fulfilled by Customer under the terms of the relevant Services Proposal. Customer acknowledges that if it fails to provide assistance and perform or fulfill its obligations in accordance with this Section and the relevant Services Proposal, Hyland's ability to provide such Professional Services, meet the performance schedule set forth in such Services Proposal and keep services fees reasonably in line with any estimates given in the Services Proposal may be adversely affected. During any period in which Hyland is performing services hereunder, Customer shall provide to the Hyland project team independent local (onsite) and remote (offsite) access through the use of secure connections such as a network connection, VPN connection or other similar methods and dedicated user accounts with appropriate privileges to the applicable Software, hardware or virtual machines allocated to the applicable software system. Remote and local access will be granted for all provisioned environments, including production.

Any estimates of fees or Working Hours required to complete the project are approximations of the anticipated amount of fees and time needed to complete the project. The actual number of Working Hours may vary.

6. TRAVEL AND EXPENSES. Hyland shall be reimbursed for all customary and reasonable out-of-pocket costs and expenses incurred by Hyland in connection with the performance of services under this Agreement (including fees and expenses relating to travel, meals, lodging and third party vendor registration requirements) in accordance with Hyland's applicable internal policy for the reimbursement of costs and expenses to its employees. Except as otherwise provided in any applicable Services Proposal, Hyland shall invoice for all reimbursable costs and expenses on a monthly basis, in arrears; and such invoices shall be paid in full each in accordance with this Agreement.
